VERIFICATION OF ELIGIBILITY FOR SCHOLARSHIP FUNDS

Athletes may be eligible for scholarship funding to help with **UP TO** half of the club fees. To verify your athlete's eligibility please attach a complete copy of parent(s) last income tax return and the last two months of check stubs for parent(s). Student (parent) will also need to write letter explaining reason for need and indicate: what would your previous coaches and teammates say about you (your child) as a person and player. Also attach a copy of your (player) last report card. One application per athlete with verification for each athlete please, however, if siblings are applying only provide that child's report card and letter of need. Athletes applying for scholarship funding for both the fall and spring season need only submit one application; please check both the fall/spring options.

Families who meet financial eligibility guidelines may be considered eligible for scholarship funding (UP TO half the membership fees). Families that do not meet financial eligibility guidelines but that demonstrate extenuating circumstances may be considered separately for scholarship funding up to half the membership fees. To be considered, a brief written description of the extenuating circumstances must be attached to this application.

Completed Scholarship applications and verification forms must be submitted by the registration deadline or the athlete's fees will not be considered paid in full; regardless of whether the family has paid their portion. Athletes that are not paid in full will not be considered for roster spots unless there are too few athletes for an age group. Should that be the case, late applications may be considered at the discretion of the coaching staff.
